KB- please review and compare against your notes from prebrief today. Did I get all the changes?

NOTE: Peter asked for a comparison table of emission reductions lost compared to total emission reductions for rule. I added emission reductions lost (slide 6- Q: is it ok this is a little redundant of appendix table?), however we do not have the total emission reductions for all of OOOOa remaining at this time. I did add a note about methane reductions as co-benefit to slide 5.

Beth- do slide 5, 6, and appendix look ok to you?

Thanks!

Amy
